

Possible Solutions

The graph shows the number of grocery bags that Chuck and his mother carried in the house.

a) Who carried more grocery bags?

Mom carried 6 grocery bags and Chuck carried 3 grocery bags. Mom carried in 3 more grocery bags than Chuck carried in.

b) How many bags did Chuck and his mother carry in the house?

Chuck carried in 3 grocery bags and his mom carried in 6 grocery bags so when I count on 3 from 6, I have a total of 9 grocery bags that Chuck and his mom carried in.
