

Hint

Where would the three numbers fall on a number line? Which number is the largest? Smallest?

How might you use a place value chart to decide the order in which they should be written?

| Thousands | | | | Units | | |
|---------------------|-----------------|-----------------|---|---------|-----|-----|
| Hundred Thousand | Ten Thousand | One Thousand | , | Hundred | Ten | One |
| | | | , | | | |
| | | | , | | | |
